

Y4 Home Learning

Summer 1 & 2

Inspiring lives; creating possibilities; shaping futures

Dear Parents/Carers,

During this term, we would like all the children in Year 4 to produce two Home Learning Projects. We believe this gives our children the opportunity to share their learning with family at home, engages them in our topics and allows them to share their knowledge, skills and talents with their peers. The children are encouraged to choose the project ideas they would like to create and how they wish to present it to the rest of the class. Children should choose two activities to complete; one to be handed in on Monday, 23rd May and one to be handed in on Monday, 11th July. Children will be given the chance to share their learning with the rest of their class during those weeks. If your child needs any paper or other resources that school can provide, please encourage them to ask their class teacher.

Project Ideas

- Build a model of a famous UK landmark – ancient or modern.
- Write a biography about a famous UK artist – painting, sculpture, writing, music.
- Research the different mountains/ivers in the British Isles. Record their heights/lengths in ascending order (smallest to largest).
- Read the poem 'Land of Hope and Glory' by Arthur Christopher Benson – what do you think it is about?
- Find out about the traditional foods of the UK. Create a 5 course menu to be served to the Queen, celebrating the best of British food.
- Make a scrapbook about the UK and its landmarks.
- Make a fact file about the UK containing interesting information linking to Geography.
- Compare Rotherham with Robin Hood's Bay, or another seaside location. What are the similarities and differences? Record your findings imaginatively.
