Dear Parents/Carers

The DfE is working in partnership with mobile network operators to help schools support pupils in Years 3 to 11 who rely on a mobile internet connection when their face-to-face education is disrupted by coronavirus (COVID-19).

Families may be able to benefit from free increases to their mobile data if they're a customer of either:

- EE
- Sky Mobile
- SMARTY
- Tesco Mobile
- Three
- Virgin Mobile
- O2

More providers may join the scheme soon. The amount of data available to families will vary by provider. Data will be increased until the end of July 2021.

Schools, trusts and local authorities can request mobile data increases for children and young people who meet all 3 of these criteria:

- do not have fixed broadband at home
- cannot afford additional data for their devices
- are experiencing disruption to their face-to-face education

If you think you may qualify, we will need to collect the following information from you:

- the account holder's name
- their mobile number (a number beginning with '07')
- their mobile network
- whether they pay monthly or pay as they go

In order to provide us with this information, please complete the following online form:

by the end of Wednesday 13th January, 2021 and we will complete the application on your behalf on Thursday 14th January. To see how your information will be used, please see the DfE privacy statement at the end of this letter.

What data you will get depends on your mobile network. Some networks can't offer data to Pay-As-You-Go (PAYG) customers.

If you are eligible, you will:

- receive a text message when your free data has been activated
- be informed when your free data will end
- be able to use this data when tethering a mobile phone to another device for internet access
